Continuation of Substance of Interview including description of the general nature of what was discussed: Called to discuss the amendment filed 2/4/2010 because it was unclear if it was intended to be entered. After discussions with Mr. Kasper, it was learned that the amendment was not intended to be entered and seems to be result of some confusion associated with the US and PCT applications. It was agreed that a non-responsive would be sent out where applicant will respond with canceling claims 1-21 currently pending the application with new claims 22+ to ensure the proper claims are in the application. Additionally applicant will review the application to ensure the correct specification is the newest one currently pending.
